Mikhail

EDIT

Mikhail is a Higher Vampire who has, throughout most of his life on the Continent, resisted the urge to consume blood and has worked for the betterment of humanity. He believes the role of higher Vampires is not to stay indifferent to humanity, or to use mortals only as cattle, but to guide them from the shadows.

History

Mikhail

Aliases	The Saint of Cidaris
Affiliation	Seven Nightwalkers

Physical description

Vampire Schism ✎

During the Vampire Schism in the 1220s, he
sided with Azarial, Camille and Oriphal.

Species	Higher Vampire
Gender	Male

After the Elder obliterated Kristoph, he also wanted to destroy the city of Cidaris, but
Mikhail pleaded with him not to do so. The Elder then decided to take away the
Nightwalkers' crystals so they would not be able to access his lair as punishment.

In his exile, Mikhail became a physician, healing many injured and sick across the Continent.

Return to Cidaris ✎

Having returned to Cidaris in 1272 after he felt the absence of the Elder, he was determined
to reach the Elder's lair and find out the reason for his absence, before the rest of the
Seven Nightwalkers return to Cidaris. However, as the Elder deprived them of their crystals,
the sole means of accessing the Elder's lair was lost. Mikhail knew that Zadkiel, one of the
Seven Nightwalkers, had hidden a crystal in Cidaris, under the care of one of their servants,
Konrad Giancardi, and he decided to follow this trail, hoping it was not too late.

He hired the Party to search for the crystal by offering them his former Residence. They
were able to obtain the crystal, but as it turned out, it was a fake. The location of the
original is still unknown, but Mikhail suspected Zadkiel might have hidden it with one of his
other puppets.

Gavral's Demise ✎

Having discovered that Gavral has also returned to Cidaris, he told the Party they should
look for a weapon fit for killing a vampire in Tauru tei cuth nir Ais in Athacam Mire. During
this time, he tried to negotiate with Gavral, but he was captured and dismembered in the
Bay of Tattersails, on the Broddr's Fury. Thanks to the help of Fleece, Mikhail was able to
feed on some corpses and recovered enough of his strength to join the battle. By this time,
Gavral was already defeated, but Mikhail had to make the killing blow as Elijah was
preoccupied with Emrach.

Zadkiel's Return ✎

After Gavral's death, Mikhail helped Oriphal to regain his strength and the two joined forces
with the Party in assaulting the Shivers' hideout. This was successful, as not only did they
rescue Eloyse, Donna, Nefra and other prisoners, but they also captured Akula.

Once this adventure was over, Mikhail grew concerned with the return of Zadkiel, as all
other Higher Vampires have returned. With Oriphal, he set out to bargain with Azarial and
Camille to gain them as allies against Zadkiel. During these negotiations, Azarial distanced
herself from Mikhail and Oriphal, as Mikhail admitted to her that he helped murder Gavral.
On the other hand, Camille promised she would stay neutral in any upcoming fight.

Following this, Oriphal stayed with Camille to heal and to try to uncover who Zadkiel's
puppet may be, who has the real crystal hidden with them. In the meanwhile, Mikhail
started his own investigations in and around Cidaris.
